

It has come to my attention that the FM station Klove may be taken off the air. I have to tell you that would be an absolutely horrible thing! KLove's announcers and music have helped me get through some of the worst days in my life, with their positive and uplifting comments and music. As you well know there is plenty of crap out there on the radio waves and Klove is a station I can let my children listen to and not worry. They have many friends who listen and in today's society it is nice to know that there is clean, family, God centered music to have them listen to. I would hate to think what type of music these middle school and high school children would have to listen to if KLove were taken off the air, as well as what I and many, many others would have to choose. I just wanted to let you know how strongly I feel about this topic. Thank you, Minone Frizzelle
